FOLEY'S HONEY AND TAR
for children; cures, cures. No opiates. Makes Kidneys and Bladder Right

Handle For Dogs.
A portable handle fence used in the hog pasture at the Tennessee experiment station is represented in the cut. It is made of 1 by 6 inch boards in panels twelve or sixteen feet long. Commencing at the bottom, the first two are placed six inches apart, while the third and top one are seven inches apart. The pieces are held in place by three 1 by 4 inch strips, one placed six

PORTABLE FENCE.
Inches from either end and the other placed in the center. The bottom piece of the triangle which forms the support of the handle is three and a half feet long, made of 1 by 6 inch stuff. In the center of this piece a notch is cut three inches deep and two inches wide. The triangular uprights are made of 1 by 4 inch stuff and four feet long, with a notch corresponding to the one in the baseboard cut in the top, as shown in the illustration.

THE TEXAS WONDER
Cures All Kidney, Bladder and Rheumatic troubles. Sold by all druggists or two months treatment by mail for \$1.00. Dr. E. W. Hall, 2926 Olive street, St. Louis, Mo. Send for Kentucky testimonials. 22-1y

Where There Is Money.
I get far more profit out of sheep than I do from cattle, hogs or horses. The outlook now is quite encouraging, although many of the people's paid too much for their feeders this fall. The quality of the sheep is greatly increasing, says an Iowa farmer.

There is no need worrying along in discomfort because of a disordered digestion. Get a bottle of Kodol for dyspepsia and see what it will do for you. Kodol not only digests what you eat and gives that stomach a needed rest, but is a corrective of the greatest efficiency. Kodol relieves indigestion, dyspepsia, palpitation of the heart, flatulence and sour stomach. Kodol will make your stomach young and healthy again. You will worry just in the proportion that your stomach worries you. Worry means the loss of ability to do your best. Worry is to be avoided at all times. Kodol will take the worry out of your stomach. Sold by Jackson Drug Company.

An Accommodating Grass.
Recently I advised the use of redtop for dry high land and am reminded that Professor Shaw "claims that redtop does not do well on a poor high and dry hillside." That is true enough in a way. Few grasses can do their best under such conditions. But we have learned that redtop will stand more drought than timothy. It does so well on heavy wet land that many assume this grass was fitted only for such land, but it does comparatively well on droughty land and should go into a mixture for seedling land that suffers badly from drought—Alva Agce in National Stockman.

New Cure for Epilepsy.
J. B. Waterman, of Watertown, O. Rural free delivery, writes: "My daughter, afflicted for years with epilepsy, was cured by Dr. King's New Life Pills. She has not had an attack for over two years." Best body cleansers and life giving tonic pills on earth. 25c at Jackson Drug Co.

A Cooling Spray.
I would say that I practice several ways of living swarms, but will only describe one here. If the swarm has clustered on the outer edge of some tree, where it only necessitates the cutting of a thin branch, I prefer this plan, provided of course they are within reach of my ladder. I have found it to be an excellent plan, and consequently have practiced it for many years, to spray a swarm lightly with cold water before living. Water seems to be very refreshing and soothing to the bees during the heat of the day, besides the added heat of the excited swarming fever, and will often cause the bees to remain hanging until evening, when it is more convenient to live them.—Cor. American Cultivator.

The sincerest tribute that can be paid to superiority is imitation. The many imitations of DeWitt's Witch Hazel Salve that are now before the public prove it the best. Ask for DeWitt's. Good for burns, scalds, chafed skin, eczema, tetter, cuts, bruises, boils and piles. Highly recommended and reliable. Sold by Jackson Drug Company.

Enamel the Hooks.
All hooks used in bathroom, kitchen or pantry should be dipped in enamel paint and thoroughly dried before being screwed in. Then there will be no rust spots on towels or cloths that are hung on them when damp.

A hacking cough is most annoying. One Minute Cough Cure draws the inflammation out of the throat, chest and lungs. Sold by Jackson Drug Co.

SHE'S A WISE WOMAN—

Who keeps in mind that a little credence is a dangerous thing.

Who can tell the difference between her first child and a genius.

Who has learned the paradox that to have joy one must give it.

Who is able to mend both her husband's clothes and his ways.

Who appreciates that the largest room in the house is that left for self improvement.

Who acknowledges the allowance made her by her husband by making allowances for him.

Who manages to keep not only her house and her temper, but her servants and her figure as well.

Who can at once distinguish between the laugh of amusement and the one meant to show off a dimple.

Who gets off a trolley car the right way, though she runs the risk of being arrested as a man in disguise.—Watson's Magazine.

Outwits The Surgeon.
A complication of female troubles with catarrh of the stomach and bowels, had reduced Mrs. Thos. S. Austin of Leavenworth, Ind., to such a deplorable condition that her doctor advised an operation; but her husband fearing fatal results, postponed this to try Electric Bitters; and to the amazement of all who knew her this medicine completely cured her. Guaranteed cure for torpid liver, kidney disease, biliousness, jaundice, chills and fever, general debility, nervousness and blood poisoning. Best tonic made. Price 10c at Jackson Drug Co. Try it.

Unbalanced Nation.
Olmstead is quite generally accepted as a supplement to skim milk in feeding young calves. George P. Williams expresses the opinion in Kansas Farmer that its acceptance for this purpose may very likely be founded upon wrong presuppositions.

Whole milk is the natural and ideal food for a calf. Therefore if any constituent be removed from such milk its place should be filled by a substitute of the same nature—that is, by one well adapted to assume the functions of the element withdrawn.

The feeder who mixes oilmeal with skim milk for calf feeding is substituting a concentrated nitrogenous food for an almost exclusively oily element. This is manifestly opposed to the principle of natural balance in whole milk. Furthermore, both skim milk and oilmeal are already much unbalanced by a relatively great excess of nitrogen. Their combination can only make the food the more objectionable on the same grounds.

Stimulation Without Irritation
It is a case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. Jackson Drug Co.

Method In The House.
There is no "luck" in housekeeping, and the woman who trusts to the fickle god to help her out will get herself into trouble speedily. Method will accomplish much for a weak woman, but haphazard housekeeping will wear out the nerves of the strongest woman living. It means waste and sloth and worry and unhappiness for all concerned.

A Thousand Dollars Worth of Good.

"I have been afflicted with kidney and bladder troubles for years, passing gravel or stones with excruciating pain," says A. P. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick dust like substance and now I have no pain across my kidneys and I feel like a new man. It has done me \$1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. Jackson Drug Co.

MARRIAGE.

The Development of Woman and the Passing of Maternity.
It is woman's refusal to marry and woman's residence in marriage—for the immense majority of our divorces are asked for by the wife—which so alarm us today.

For both these facts there is the same explanation—the character of our women is changing faster than the character of matrimony. The women of the past were as children compared with the women of today.

Some few great names there always were to show what was possible to the sex, but the majority were ignorant, weak and absolutely isolated. Today in America our women are as well educated as men in many cases, often even more so, and then wide reading and general acquaintance with the facts of life, past and present, together with rapidly increasing organization among them, give them a character and courage previously unknown.

This change is not, as some thinkers claim, a morbid demand for masculine power and privilege. It has nothing to do with sex. It is the development of the humanness in women.—Charlotte Perkins Gilman in Harper's Bazar.

The sworn statement of the manufacturers protects you from opiates in Kennedy's Laxative Honey and Tar—the cough syrup that drives the cold out of the system. Sold by Jackson Drug Company.

He Was That Child.

David Lloyd-George, M. D., had been making a political speech. When he stepped down from the platform a rugged old man came up to him and took his hand. Mr. Lloyd-George could not remember him. "Years ago," said the old man, "I was a doctor in Wales, and one night I was called out to go five miles to attend a young child who, I was told, was dying of croup. On my way home I wondered whether it was worth while to go so far to save a child who would only be brought up to a life of misery and hunger. However, the child recovered, and—well, you were that child."

Long Tennessee Fight.
For twenty years W. L. Bawls, of Bells, Tenn., fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful, till I began applying Bucklen's Arnica Salve to the sore surface; this caused the soreness and swelling to disappear, never to return." Best salve in existence. 25c at Jackson Drug Co.

Save the Golden Trout.

The golden trout is found in but one place in the world, in Volcano creek, California. Immense numbers are killed off each year by ruthless campers. An instance is on record of a game warden finding a heap of these fish stacked up to dry and decay. On the heap was a card stating that "we caught over 1,000 golden trout here," and the heap contained pretty nearly that number. If this sort of thing continues it will be but a short time before the golden trout will be practically exterminated.—Country Life in America.

A Texas Wonder.

There is a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. J. Hill, who from the weight of 80 pounds has grown to over 180. He says: "I suffered a terrible cough, and doctors gave me up to die of consumption. I was reduced to 60 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure Cough and Cold cure. Guaranteed by the Jackson Drug Co. 50c and \$1.00. Trial bottle free.

Its First Entry.

The Earl of Hopetoun has in his possession an old brass bound leather covered ledger, which is prized very highly as an heirloom. It is the book with which John Hope, the founder of the family, began business in High street, Edinburgh, more than 200 years ago, and that which makes the book so highly prized is the first entry, which is the following prayer: "O Lord, keep me and this book honest."

You cannot induce a lower animal to eat heartily when not feeling well. A sick dog starves himself and gets well. The stomach, once overworked, must have rest the same as your feet or eyes. You don't have to starve to rest your stomach. Kodol for dyspepsia takes up the work for your stomach digests what you eat and gives it a rest. Puts it back in condition again. You can't feel good with a disordered stomach. Try Kodol. Sold by Jackson Drug Company.

Popularity of Open Air Eating.

Timidly the old custom of open air eating is being revived. Many are having their meals on warm days in their gardens in London or in the country. At hotels on the Thames the proprietor no longer refuses to serve tea in the open, and at most of the suburban clubs luncheons and dinners may be eaten on the terrace or the lawn.—London Truth.

Brushes For Velvet.

Thousands annually bear witness to the efficiency of Early Risers. These pleasant, reliable little pills have long borne the reputation, second to none, as a laxative and cathartic. They are as simple as bread in millions of homes. Pleasant, but effective. Will promptly relieve constipation without griping. Sold by Jackson Drug Company.

Brushes For Velvet.
Old pieces of haincloth, particularly of the kind used for furniture covering, make the very nicest of brushes for velvet. If you have a piece that is about nine inches in size fold it lengthwise and cut it so that you will have three pieces or strips. Ravel the edges of each piece for a depth of two inches and ravel them on each side. Sew the strips together. Then roll the long piece smoothly so that the edges will be perfectly even and fasten the unraveled part in the center with a needle and linen thread. Cover this part with a piece of bright velvet or silk, turning the edges under so that it will have a finished appearance.

Will Cure Consumption.

A. A. Heron, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, cold and lung trouble. I know that it has cured consumption in the first stages." You have never heard of any one using Foley's Honey and Tar and not being satisfied. Jackson Drug Co.
